

Job Description: Collections system Operator

This position will be full-time. The position will start at 20.00/hour and could increase based on qualifications. As a Collections System Operator, you will be assisting with the daily operations of the wastewater collection systems. This position requires the operator to assist with assignments as directed by the district's manager. The position will require the operator to perform a full range of semi-skilled and skilled duties involving operation, and maintenance. Have a positive attitude, being a team member, and ability to work with and help maintain a variety of equipment.

This position is primarily responsible for assisting with daily operations within the district and other duties as required. The Operator will receive educational training as well as appropriate safety training in accordance with District Rules and Guidelines.
